ARTERIAL ELASTICITY IN HYPERTENSION

Historical Perspectives and Recent Advances

ESH Satellite Symposium
Milan (Italy) | 16 June 2011

Organizers: EDOARDO CASIGLIA
(Padova, Italy)
KALINA KAWECKA-JASZCZ
(Kraków, Poland)
PAOLO PALATINI
(Padova, Italy)

9:00-11:00 Session 1

Chairpersons: KALINA KAWECKA-JASZCZ
(Kraków, Poland)
PAOLO PALATINI
(Padova, Italy)

Opening of the Symposium

JERZY GLUSZEK (Poznań, Poland)
Józef Strus – Renaissance man, prominent Italian and Polish professor and his science on pulse – ‘opening lecture’

JERZY GAŚOWSKI (Kraków, Poland)
*Pulse pressure – from neglect to appreciation
Short history of a risk factor*

LUC VAN BORTEL (Gent, Belgium)
*Determinants of arterial stiffness in healthy people
and in subjects with cardiovascular risk factors*

WIKTORIA WOJCIECHOWSKA (Kraków, Poland)
*Age dependency of systolic blood pressure:
cross-sectional and longitudinal observations
in European populations*

FRANCESCA SALADINI (Padova, Italy)
Assessment of arterial distensibility in the young: is it worth it?

11:00-11:15 Coffee break

11:15-12:45 Session 2

Chairpersons: ROLAND ASMAR
(Paris, France)
EDOARDO CASIGLIA
(Padova, Italy)

KRZYSZTOF NARKIEWICZ (Gdańsk, Poland)
Crosstalk between sympathetic nervous system and arterial function

GIANFRANCO PARATI (Milan, Italy)
*Cardiovascular adaptation to high altitude
hypoxia: changes in arterial properties*

PIOTR JANKOWSKI (Kraków, Poland)
Central blood pressure – past, present, and future

ATHANASE BENETOS (Nancy, France)
Pulse pressure amplification as a marker of cardiovascular risk in the elderly

12:45-13:30 Lunch break

13:30-15:00 Session 3

Chairpersons: ATHANASE BENETOS
(Nancy, France)
JAN A. STAESSEN
(Leuven, Belgium)

DANIELE CUSI (Milan, Italy)
*Genetics of essential hypertension: did we learn more
about arteries from the Hypergenes project?*

TATIANA KUZNETSOVA (Leuven, Belgium)
Ventricular-arterial coupling disease: assessment in the population at large

VALERIE TIKHONOFF (Padova, Italy)
*Arterial stiffness in the elderly and the very old:
relationship with cardiovascular outcomes*

KATARZYNA STOLARZ-SKRZYPEK (Kraków, Poland)
Dietary sodium as a determinant of arterial stiffness

CONGRESS VENUE

The Symposium will be held in the
“Sala Convegni” of the CRC (Centro di Ricerca
e Cura per l’Invecchiamento)
Via Mosè Bianchi 90
20145 Milan (Italy)
